Saugus High School

It all started on that first day of our freshmen year. The feeling in our stomachs was as if we had stepped into a whole new world. Once inside this world of Saugus High School, we joined together and created memories that we'll carry along with us for the rest of or lives. Taking the good with the bad, realizing that nothing comes easy and accomplishment is the best feeling ever.

On graduation day we will receive the keys to unlock the doors to the future, but we will never forget the past and never stop believing in ourselves. Wherever our journeys may take us down the rocky and twisted paths of our lives, we will always have these years to remember.

In Loving Memory

Susan J. Streeter

A gentle wind blew cross the land
reaching out to take a hand
for on the winds, the angels came
calling out a mother's name..

Left behind, the children's tears
loving memories of the years
of joy and love, a life well spent
and now to God a mother's sent

On angel's wings, a heavenly flight
the journey home, towards the light
[illegible] life is gone
[illegible] the dawn.

Amanda Agresti

My last four years of high school definitely had to be the most memorable times of my life. I will miss a lot of people after I graduate. I'm going to miss Mr. Valerios homeroom every Tuesday! I'm going to miss Luise yelling BALLING! down the hallway. The best teachers I've had my last four years had to be Mr. Valerio, Mr. Jones, Mr. Brandwine, Nurse Jonie, Ms. Flynn, and Mr. Bursaw. Sophomore year in Ms. Millet's class had to be my favorite period/class ever with Krysta Angelo, Justin Chulli, Timmy Lasala, Cam Nelson, and Brendan Tackash. Even through I'm glad it's over I will be sad to leave. It's going to be weird waking up to a new school with all different people and all new teachers. But hopefully everyone stays in touch. Good luck to everyone.

Krystal Angelo

These last 4 years have gone by so fast. I want to thank my family and friends for everything. JC and MH my best friends for everything and I wouldn't have been able to get through these years without you guys 143. Good luck to the Class of 08.

Matthew Arevalo

I have had many experiences in these four years of high school! Every year got better. I love all my friends and hope to stay in touch with all of them after we graduate. I don't think I could ask for a better senior year! Maybe this year we could have made a change in the school! This school has seen the good, the bad, and the ugly. This school has changed me so much but I STILL CAN'T WAIT TO GET OUT OF HERE!

Wow, it seems like just yesterday we were walking into Saugus High as freshman and here we are, graduating on to a new path in our journeys. The past four years has been a big rollercoaster. There have been ups and downs but I learned a lot from all of them. Thanks to all my friends for the memories and good times. I also want to thank my mom for always being there for me and helping me along the way. "Don't cry because it's over, smile because it happened."

Jacqueline Bono

Wow! Senior year has come and gone. There are so many memories I'll never forget. To all my friends, thanks for being the rocks in my life. EC forever! JH KR LS JP BC IH KF AW. SHS, today is where your book begins the rest is still unwritten. Good Luck!

Matthew Bono

"If you can talk with crowds and keep your virtue, or can walk with kings- nor lose the common touch. If neither foes nor loving friends can hurt you, if all men count with you, but none too much: if you can fill the unforgiving minute with sixty seconds worth of distance run, yours is the Earth and everything that's in it, and which is more- you'll be a man, my son!"

Stephen King once wrote "No ending can be right, because it shouldn't be over at all. The magic isn't supposed to go away." High school may be ending but I'll never forget the times I've had and the people I shared them with. Mom, Dad, Courtney, and Lindsay- I love you and thank you for always supporting me. Linds, Jill, Sween, Ashley, Michael, Patrick, Rutledge, and Jean -thanks for being there- I love you! And lots of love to the Prince Crew! Thanks for late nights, early mornings, busy days, and great times. I loved being super fans, stirring the pot, nights out, and everything in between. Four years came and went so quickly, I can't believe it's already over. Next year we'll go our separate ways but I'll never forget our times together. To the Class of 2008, congratulations and good luck! We did it!

Nicholas Catanzariti

We are done! After four long but fun years. It was an experience I will never forget and always look back on. So many memories to name. Chilling with all my friends, all the times in class, and just the experience in general. I look forward to my future and everything ahead of me. Thank you everyone who helped me through it all you know who you are. Good luck 2008.

Arthur Charlton

Pericles once said, "What you leave behind is not what is engraved in stone monuments, but what is woven into the lives of others." As we leave and say goodbye to what we held so close, tears will fall and sadness will overcome some... but always remember, no one can take those memories away from you. These past four years have been very interesting to say the least. I wish all the Seniors in the Class of '08 luck in their near future.

Justin Chiulli

The Past 4 Years have been a wild ride. I would like to thank my parents especially for all their support and being there every step of the way threw my 4 years of high school. The thing I'm going to miss the most about Saugus High School is all the sports teams I have been apart of especially Cross Country, and the Hockey team #4. The most memorable thing I'm going to miss most is freshman year and winning the NEC Championship and D2 North Championship in Hockey. I also have to give a shout out to the Lax Team had some fun times with you boys and coach. I would also like to thank Ms. Natalucci, Ms. Ball for all their support they have given me in order for me to succeed these past 4 years. Congratulations Class of "08" Good Luck To Everyone in College.

Good Luck Class of '08

Brian Cipoletta

It has been great the past 4 years here making friends and sharing experiences. All of the inside jokes and life lessons I've had I treasure dearly. I've been fortunate to experience all I have at Saugus High School. I'm grateful to all my friends, Nan, to anyone I may be forgetting (you know who you are), and most importantly to my parents without whom I would be misguided. It's time for the class of '08 to move on to the next chapter of our lives, wherever or whatever that may be for each of us.

With much love, Cippi

Jessica Clary

Finally! We did it! I'm glad its over but I'm going to miss so many people! I have made amazing friends here that I wouldn't trade for the world, M.S. M.H. M.P. S.F. A.A.! Priscilla DaSilva

I can't believe its over. I can still remember the first day of high school like it was yesterday. Everyone running around the school trying to find their classes. We were so lost and young. Now you look at us and every single one of us has changed in some way. It might be the way we dress or the way we act. We've been through so much over these 4 years. It's amazing how many friendships I've made with people who I would never imagine of becoming friends with. I'm definitely going to miss our summers the most. Britt and Joanne without you girls this summer, I would probably have sat home all day. Our crazy beach nights! Can't forget the pride parade in New York! Lol. Well good luck everyone! B.L. J.S. C.G. A.F K.G. T.M. S.M. G.L. <33. OH BABY OH BABY OHHH!!! =P

Diana Davis

"When you leave your Comfort Zone you put yourself out there, in front of the world, into situations that you're not comfortable with. The end result is that you learned something you didn't already know, you expand your knowledge and become a better person." After this year we will all be leaving our comfort zone of high school and off to do different things. I wish my class the best in whatever you pursue after high school. I would like to thank my family without you I wouldn't be anything at all I love you. I will always remember TT, i6, the Connection, CP, the entourage, potluck, prince crew, XC, track slackers, b-ball, and 5th period poker. You guys have made my high school career filled with memories I'll never forget. And everyone remember it's not goodbye it's see you later.

Andrew DeLeary

These past four years were a learning experience for me, and prepared me for the next chapter in my life. I'd like to thank my parents for helping me through my years at SHS and coming into school whenever I did something stupid. I'd like to thank my girlfriend Paige for always being here for me 72106. I'll never forget the tree fort, Weslys, the farm, Josh's, SACCO 07' w/Frank! The crew, NOONE PARTIES HARDER. Seniors 08' the few of us who actually made it, we definitely left our mark on Saugus High.

Ryan Dellus

The first day I walked in the door of SHS I knew that it would be hard, but an amazing journey. The inspiration from my mother, sister, and teachers is what made these years at SHS so wonderful. To my friends: ML CC AM KF PM JP SH. I am so thankful to have all of you. ML, we spent most of our time doing AP Chemistry work, and yes we really do have lives. Don't worry I got it and Remember that time... PM, I am so glad that we are still friends after 6 years, but somehow we still haven't realized that it's better to do your homework ahead of time, not the night before it is due. KF, you're the daddy. AM, you're my sugarplum. These four years with the Girls Tennis Team has made time fly by. Congrats to the Class of '08, we have made it through high school, but this is just the beginning of the rest of our lives.

Briana Giannelli

My four years at SHS have finally come to an end. I could tell you about all the memories I've had and all the challenges I've faced throughout these four years but I won't. I've done everything a person should in high school. I've pushed myself in school, I've laughed till it hurts, I've cried myself to sleep, and I've stayed up all night, all with people that I will never forget. I may wish I had done somethings differently but, I have no regrets. I have grown up with these people for years and have faith that they will all succeed in life. Everyone at SHS has made some impact on my life so I will just say thanks to my family and all my friends. Good luck to everyone I'll miss you all. Congratulations Class of '08, I hope you never look back but you never forget.

As a senior I got to say goodbye and thank you to the band for the love and care that has been shown to me in my 4 years. It has been so much fun, from Canada to the New York. I am going to miss the band room, and the love that is there. But I may be back to SHS, not as a student but as a teacher. But the thing I loved most about high school was Jesus Club with Greg Nicolas. I'll never forget that. And to the Class of '08, I say "May all your ways and days bring you closer to God, so that you may be blessed by Him always."

Well first and foremost, Congratulations to the Class of 2008! I still remember our first day of freshman year; we were so little then and thought we were so cool. And now here we are senior year, finally, so anxious and scared all in one. I'm going to miss the leaky ceilings, being freezing cold, or super hot, the petty drama, the teachers, signing about a million passes to go anywhere but sneaking out of class anyway, but most of all I'm going to miss that secure feeling. I can't believe next year we're all going different ways and may not see each other anymore. So heres to the friends we'll never forget and to school that has made all the difference. It definitely flew by way too fast, but the memories have been unforgettable. Thanks for everything everyone, I love you all! It's been real SHS, PEAAACE!

Nora Halhoul

Wow…I can't believe it's finally over! These last four years have gone by faster than I had expected. I have learned and experienced many ups and downs. But the most important thing is that I got the chance to experience them with my family, friends, and teachers. For my close friends, I never thought I could say this but I'm glad I had to repeat 8th grade. I got the chance to meet the friends I have now who I know will always be there. We have way to many unforgettable memories together. Good luck Class of 08' and I hope to see you in the future…

Love always, Nora

Torin Hanlon

It's crazy thinking about how fast the past 4 years have gone by. I've experienced some of the best times of my life these past few years. I owe so much to my family, my father, sister Jamie, and especially my mother. Thanks for all the help & guidance through the years. To my friends, thank you for making the past years so unforgettable. DL MD TT you guys have literally been there from the start from K-12...never a dull moment. Love you guys. PE&SS so many mems over the years. I'll never forget them. DI&HH great times in HR w/ BBB. FHZ! Gil you my boy son, great times! I'll never forget cruises 06&07, summa 06, KC concert, & Stackpole back in the day. So many memories & thanks to everyone who made them so fun! You know who you are. Well like they say, all good things come to an end, and this is def I of them. Good luck Class of 08!

Derek Hart

Ultimately, I would like to thank sleep, music, and a few good friends for pulling me through the past four days...I mean years of high school. I will never forget all the good times in and out of school: Freshmen year's 3rd lunch and history class, as well as junior year's art and physics class. Bagel/snowball tossing, the tasty jam sessions, and other memorable mischievous moments that cannot be mentioned with Ry guy and Kev. The epic journeys around town with Johnio and Kevin. Floating down the Saugus River in a makeshift raft with CJ, Kong, and Tyler, and the various feasts at Whitehen. To all of my friends in or out of Saugus High, close or somewhat distant- JM, KD, RD, SO, DN, Dave.K, Darrick.K, CJ, SM, KT, SH- Ill see you all around. It's been good. Peace out

Sydney Hayward

Well, it finally has come, the end of my 4 years at Saugus High School. Just to think about never going to SHS again blows my mind. This school holds so many unbelievable memories and I'll never forget them. One of the most memorable moments that I'll always have is sophomore year Spanish, when I met my best friend Kara Marie Fitzpatrick. We've become so close and have so many inside jokes! From S-Cubed, sumo wrestling, nose cheese, what star fish do, ROFL hearts WOFL, and so much more! I hope that list continues for years to come. I have also become close with so many others, including ML, SR, and LS. I am going to miss gossiping with you guys so much! The Spanish Corner will never be forgotten! Well with that, I would like to wish the Class of 2008 the best of luck in your future in or outside of The Gus!

Ian Helmick

I want to thank all of my friends for putting up with me these past 4 years. We have had a lot of fun and I will miss you all.

Hudson Henriques Jr.

Well, what can I say. Four years ago I had just met all these guys and now we have to go our separate ways. There were some really fun times here and I'll never forget them. Thanks to my friends who were there for me always through thick and thin (Warriors and CO.) You guys are the best. I'll always be in debt to you guys. Courtney, thank you for pushing me and making me so happy. You're the biggest reason why I am who I am today. Thanks to my family, of course. I wouldn't be alive if not for my parents. Thank you for giving me everything you ever could I couldn't even ask for more because I have everything I've ever wanted. SHS '08, thanks for four years I'll always remember and good luck to everybody in the future.

The past four years have been amazing. High school has taught me so many valuable lessons that I have applied and will apply, to my life. Of course it has come with its fair share of ups and downs but, those hard times are what helped shape the person that I am today. I am very grateful for the experiences that high school has offered me. I will definitely miss all of my friends and teachers and when high school is actually over for me, I'm sure that I will miss them even more than I can imagine at this point. However, I will always have the experiences and the memories to cherish. Thank you, everyone, for making high school a blast. Now bring on college!

Melanie Hook

You're always told high school is the best years of your life. Whoever said that was right. Despite the town's lack of...everything, I have made some of the best memories in these very halls. Freshman year to this year has actually been fun. I'm glad to be leaving, but I'll miss being immature, really. I'll miss the drama, the lunch ladies, the lack of textbooks, Ms. Marisolo, grilled cheese, late days, and my friends the most. Krysta, Jessica, Tamara, Derek, everyone! Good luck and much love to Seniors. We made it, hell yeah!

Jennifer Horrigan

"Cause we're counting the seconds and minutes we've spent here, can't seem to just throw them away, when it's all said and done dear, and we're packing our things, will the memories keep me thinking?..." Oh SHS, these past THREE years have been wonderful Thank you to my parents for always pushing me to do my best & always believing in me. Good luck to Janet '10 & John in everything you two do. Love you guys. To MW, boy friend! Thanks for always keeping a smile on my face. Love you! Lastly I'd like to thank my friends for making each day at SHS worth it. These past few years would have been dull as anything without you guys. Lunch 3 crew, long live our potlucks. Sarah Ann Krasowski, MY SOUL MATE. EAK! "It's senior year and we're all down with getting out of this old town." Good luck & goodbye Class of '08!

Jillian Howell

Change is inevitable. Come graduation, whether we want it or not, we will be saying our final goodbyes to high school. Something that has been a huge part of our lives for these past four years, soon no longer will be. Although it is going to be sad to leave, change can also be a good thing. Next year, each of us will go our own separate ways, without looking back. It is time to move on from high school, but with me I will always take the memories made and lessons learned from these past 4 years. To my family, friends, teachers, coaches, and teammates, I thank you. It is because of you that my high school experience was so unforgettable, and it is because of you that this change will be so hard. To my classmates, congrats and good luck in the future, and always remember... don't hate what you ain't 08.

Daniel Internicola

So this is it high school is coming to an end. It's been a fun 4 years. First of all I would like to thank my Mom and Dad for everything they have done for me, they have always been there for me, and I love them. Also to my brothers and sisters Rosaria, Lance, Ruth, LaMonica & Derek Stretton, for everything that have done for me. The most memorable moment was making the basketball tournament 2 years in a row. I'll never forget the times I had with my boys Lance, Sampson, Mikey, Max, Psull, Fritz, Pelle, Cogz, and more. Love You All. I'll never forget homeroom with Denof- WD15 with Hudson & Torin. I've enjoyed high school it's been a great time. I wish everyone the best of luck. SHS 08.

Wow. One moment you're a freshman, and just after a blink, you're sitting at your graduation. You don't think it goes that fast until you're actually there. But it's not worth the ride without the memories you make. Mom, Dad, Sis. Thanks for everything. I wouldn't have wanted to share this journey without anyone else. Friends, I'm glad you guys stuck with me during everything. "hey, when's our next concert?" prom nights! And a few good memories on the way before I say goodbye. YMUN 07-08, spending 4 hours with the best 4 teachers in the teachers lounge during some important moments (besides Mr. Fox), NHS with water rafting, and way too many to fit here. "Don't hate what you ain't, '08!"

Darick Kong

High School was cool. Had some good times with my friends. Sick classes with some of my buddies. NS. CJ. DH. Can't name all you guys but I loved hanging with all of you. Chillin and playing some lax with my team was awesome. Oh my god, Chris, Derek, Pete, Tyler, White Hen. Might be headin off to college but still gunna hang and skate with my best friends everyday, I'll see everyone around.

Umm I guess I'll start off with thanking my parents and every other person/ teacher that has helped me out over the four years. Shout out to all my boys I love you all, too many to name, but you all know who you are. Shout out to the '08 Class, my best friend F.M.V, my number one boy APelle, P-Sull, Ortega, Tyler, Max, Anastos, Chako, Gilson, Danny, Mikey, Regens, Richie S. I'll never forget any of the memories and good times I had with all my boys. I won't forget all the great nights, or late nights. Shout out to all my boys that graduated last year, they all talk about how our crew's gunna break apart with everyone going to college, BUT THEY'RE WRONG! I have faith that our crew will always stay together. I'll miss high school, but I know I have better times to look forward to.

Andrew Lembo

I have been playing the saxophone since the fourth grade. I enjoyed being in the school band and the fun that I've had with my friends in the band. I enjoy writing my own music and listing to instrumental music. My future plans include majoring in sound engineering and film scoring. I hope that the future I will produce music scores for big movies and seeing my name in the credits. I've also been a member of the varsity golf team for four years and enjoy golfing all summer with my father and uncle. I will never forget all the fun I had sophomore year in Mr. Valerio's period six Spanish class.

Concetta Leo

Congratulations Class of 2008!! Finally, we have made it to the point in which we all must depart and determine our aspirations and ambitions that will be the foundation for the rest of our lives. I know that might sound a little harsh and frightening, but it's life. I wish each of you the Best of Luck in college and reaching your goals. To my fine educators, thank you all for your guidance and patience. To my family, grazie per tutto, I truly appreciate all you've done for me. Vi Amo Sempre. My best friends: AM, IK, AM, MM, LM, AL, GB and the rest of you, my Saugus High School experience would have never been the same without all of you. I love you guys and I'll always be there for you. I guess there's nothing else to say except as we do in the old country, "Non fare il passo piu lungo della gamba", "Don't cross your bridges until you come to them."

Guiseppina Leto

"There are moments in our lives when we find ourselves at a crossroad. The choices we make in those moments can define the rest of our days. Of course, when faced with the unknown, most of us would rather turn around & go back." Over the past 4 years at SHS I have learned a lot not just about Math or English but about my life & myself though we have to say goodbye to SHS & make it out there on our own in life I'm sure the lessons we've learned in high school will stick with us forever and help us make better decisions. This school has been a home to many of us whether we want to admit it or not. I'll never forget the past 4 years. They were some of the best though we're moving on to bigger and better things, this school will always be one of the best times I've ever had! Congratulations to us Class of '08!

Andrew Lichwala

Wow, it's been 4 years in the school. I can't believe it's gone by this fast. Got to remember the fire alarms going off 4 times in I day when it was freezing out. The good times: the Red Sox World Series run '04 (caused me to fail English first time), Junior prom' 07, the after-party at Alycia's, summer '07 and '06 and the Kiss Concert '07 Summer Jam '07 and going to Boston with everyone. I'm going to miss the golf team and trips to BK, Valerio's classes, watching movies everyday in Brodreick's class and CJ's jokes. Have to say thanks to my parents. Good times with Alex M. Alycia M., Laura and Michelle M., Iva K., Josh H. Concetta L., Darick K., and CJ. To Gblue you're my boy but you have to improve your signoffs. To the class of '08 in the words of Valerio, "Don't play games with your future"

Meagan Lynch

When I look back on it all, there are six distinct words that stick out in my mind. "These four years will fly by." I should have believed Mr. Diorio's statement as I sat in freshmen orientation. Lindsey: Not many people are lucky enough to have someone there for them through everything from 1st grade on. There are countless things I never would have got through without you, my best friend, by my side. Amara: I've known you for years, but we just became best friends as we entered 11th grade. You've helped me out more than you know. *SR SH KF, the spanish corner* CC AM PM JP MD KT. I love you all. To my family, especially my parents: Thank you for pushing me to be the best I can be and never once giving up on me. I love you. To the soccer team: Every bus was a new memory. To the Class of 2008: Our lives are just beginning.

Samantha MacCuish

Make a wish...Take a chance...Make a change...and Breakaway we did it, were finally done. Good luck to everyone! If you want some thing you've never had, you've got to do something you've never done. Never forget the memories... J.G. J.S. B.L. P.D. K.G. K.F.

Priscilla Maderia

It amazes me looking back on my years of school. The difficulties of fitting in, the friends in countered, and most importantly what was accomplished. Without my family and friends I wouldn't be who I am today. With that said I want to thank my parents for always pushing me and my brother for being a model-like-figure. Mrs. Lenihan thank you all your support. Although we may not all be friends today I also want to thank all of you for the memories shared. To those who stuck by me, I love all so much & never forget about the crazy moments together!! Chai & Rafa I couldn't ask for anything more thank you for everything!! To my graduating class, I hope you succeed in what you're aiming for, never give up on your dreams remember the skies the limit. Congratulations class of 08' !!

All my teachers and coaches thanks for keeping me in line. I'll always remember Pelle's Kelsey's, Steve's, the Dome, getting rowdy at the res, Bridge mode, Pranker's, NH, and the stoop. "Growing up is never easy. You hold on to things that were. You wonder what's to come. But that night, we knew it was time to let go of what had been, and look ahead to what would be. Other days. New days. Days to come." High school was a blast. No one realized the time would end just as we were coming into our own. I'll always remember the times we've had. Spain Part Dos with AM AP JM RG Cliff and Mindi. "This is your morning wake up call!" FNC with HC JH LT JF AM AP and JM. "It's the best thing you've ever done!" AG and our amazing CCD classes. Billy! As I entered my freshman year at Saugus High School, I was filled with mixed emotions. However, as the days turned into months, and the months turned into years, the time spent here has given me lifelong friendships and four years filled with amazing memories. The long hours spent on homework, to the long weekends filled with fun. I'll never forget the sleepovers with mom's great cooking, school trips, Junior Prom, Boston, Kiss Concert, and trip to Italy. Thanks to all of my friends who have made these last four years memorable ones. To my family, thank you for all the love and support, without it I would not have gotten this far. Thanks to my teachers and guidance counselors for preparing me for my future and giving me a wealth of knowledge. Follow your dreams Class of '08. Arrivederci e buona fortuna!

Wow, these past 4 years have flown by! It seems like just yesterday we came in here as terrified freshman and are now leaving as the big kids in campus. We've signed our lives away just to use the bathroom, survived A-wing floodings, gone without heat or ac, and have overcame teacher strikes. Of course we've had some good times too: Jr. Prom, Spain '07, London '08, Sr. Prom, Color Days past, Improv shows, Drama fest, and occasionally "Stirring the pot". I want to thank my friends and family who have helped me along the bumpy and sometimes complicated road called high school. I could have never done it without all of you! Congratulations Class of 2008! We did it!

Joseph Merullo

Everyone in the band is like family to me, I would do anything for them. Good times going to Canada and New York, and I know we will have a great time in Williamsburg. Well guys, we did it. Saugus High School was fun. Many memories in the auditorium whether it be for Chorus or Drama. We had some rough patches (like all groups do) but it all worked itself out in the end. We all will be going separate ways and some of us will be forgotten, some will forget; it just happens. To all those whom have tried to figure me out..."I don't know how to describe who I am. I just am. Make your own description based on what you know."

As Ralph Waldo Emerson once said, "What lies behind us and what lies before us are tiny matters compared to what lies within us." Well, we've come a long way and I'm proud to say that what lies within the Class of '08 is opportunity. May your opportunities take you somewhere. To get as far as I have, I must thank my parents for everything they've instilled in me, my teachers for encouraging me, and my friends for saving me. Kyle, I've known you for 10 years, you're my woffle; Jessica you're my twin tilapia, Benny, and my sister at heart. Ian, Cippi, A-Dawg, Ashley and everyone else. It was a fun adventure; from the trip to Italy, every single production, and everything else in between. I can't wait to see you all again, but until then, Break A Leg!

Jennifer Paliliunas

Wow! I can't believe it's really over. This has been such an amazing ride. Because I came here my Sophomore year, it was really hard for me to get into a "group", So I want to say thank you for the people who stuck by me YKWYA. For the people who were fake, I also want to thank you guys because you taught me a lot. Without the love and guidance of my family there would have been no way I could have done this, so thank you I love you! Just remember graduation is not the end, it's the beginning. So, congrats Class of '08!

I wanna start out by thanking my parents for putting up with me and helping me through everything also my brothers especially Mike doing everything for me also to all my coaches they were a big part to not only making me a better athlete but a better person. Shout out to the crew Max, Tar, Tyler, Sully, Gilson, Ortega, Danny can't forget the bittys even knowing they probably caused me more stress than help. All the good times we had getting rowdy at the Res after Big W's. B-cruising in Alexia with the boys. I wanna give 1 more shout out to my boy Charlie RIP. I can't believe it's finally ova. Its been a pleasure Saugus High but I am on to bigger and better things. Also to all you suckas that didn't think I would get out Boo to you. Good luck class of 08. Peace.

Firstly, Thank you to my parents, without you I wouldn't have been able to do this. I love you. To my teachers thank you for all that you have taught and the hard work you have done for us. Lastly, thank you to my friends. I know I wouldn't have been able to make it through high school without the laughs at lunch and the hard work for the class and the dedication of drama. Thank you for going through it all with me. Finally, in the immortal words of Mr. Feeney, "Believe in yourselves. Dream. Try. Do good."

Michael Regens

I can't believe it's finally over. I remember the first day of freshman year and remember how nervous I was and how I wanted to go back to Belmonte. These four years went by so fast and as much as I hated school, I am going to miss everyone. I have to say thank you to my mother and father for always helping me with everything and for always supporting me. I always remember all the good times with all my boys – from the good times back in middle school when we broke everything insight to now where the only thing we do is go house to house until everyone has to leave. Now that it's over and everyone goes their own ways, I will always remember everyone and the times we had together. Even though this is kind of sad, I'm happy to be out of here and can't wait to start college. Good luck Class of 2008. PEEAAAACCEE OOUTT

Memories... baseball season with ace A and ace B, gym tryouts, and captain... golf season and the Florida trip, posting up, hershey pies, jousting, gators, and zook-a-pook... getting kicked out of Bonkers and coco key... ping pong and bball tourneys... aau trips to Florida and awful Tennessee with sonic and 2k7... chunkies with AP Chem... winter track and hating every mile of it... I want to thank my fam and friends for helping me enjoy the ride these past four years.

Samantha Russo

I know how everyone tells you how fast four years of high school goes by, but I don't think you really believe them until it's time to graduate. It seems like just yesterday we were freshman and now, we're getting ready for college. I don't think I could have made it this far without my family pushing me along. Thanks Mom & Dad for getting me through all those times I wanted to quit, I wouldn't be the girl I am today without your help. Jackie, just remember what Mom always says "Someday you two will grow up to be best friends." But until then just remember I'll love you no matter what. Michael, I can't thank you enough for always being by my side, you truly are my best friend. I love you. ML, SH, KF Love you guys! And to everyone else who has made this experience what it has been, thanks for the memories. Good luck Class of 2008!

With everything we've done these past years, it's been awesome. Laser tag nights with Jean and Lawless, always a good time. Snowball fights at Jill Herr's with CJ, Warped Tours and color days were all amazing. Going to the Revolution games and being an obnoxious fan with the soccer team. Getting to run on the Gillette Stadium. Halo nights at the Guarente's house. Bonfires at the Howell house and hanging out at Lindsay's. Haley, #1 super fan/team mom, I'll always remember you. "They say beauty is in the eye of the beholder, that is why I look in the mirror every morning and realize how fly I am."

When I finally stopped procrastinating (face booking) and actually sat down to write this, I realized how ridiculous it is that I am expecting to sum up my feelings about the past four years in 817 characters or less. After thinking about that for a good 45 minutes, I simply decided that I couldn't do it. I just want to say thanks to my friends and family. And to the rest of Saugus High... stay flyyy. Loves it!

Brandon Takach

My four years of High School went by fast. I had a really great time, it was a fun four years I had. I have made a lot of new friends and still have my old friends. I want to thank my parents and my entire family for their support, I couldn't have done it without them. Thanks.

First I'd like to start off by saying Congratulations to the Class of 2008! I can't believe its over. The past four years have gone by so fast. I have had so many unforgettable memories in this school but the best of all is SHS Field Hockey. All the pasta dinners to Lawn Shopping and just being our crazy selfs! I love you girls. Its going to be weird waking up next year to have to start all over again. I remember freshman year walking in scared to death, and here we are today now seniors. To all my crazy girls thanks for always sticking by my side BSJSHELVAOJPGTAWCSJHSK, if it wasn't for you girls I never would have survived HS. And to Richie my HS sweetheart thanks for making my 4 years unforgettable! Im really goin to miss everyone! "Im looking forward to looking back on these memories" 08

Tyler Trainor

High school was fun while it lasted but now it is time to move on. Thank you mom and dad for everything. Thanks Casey for teaching me how to get through school papers and Kylie for always being there to goof off with. Pa thanks for never ever missing a game and Nanny's phone calls after every game with her report for the game. Football team is unforgettable. To my boys, PSull, Big Mac, Steve and Ryan great times just hanging around the last few years. To Pelle, TAH, MM, NO, GF and TH we are rowdy. KOM. High school is just like any game the most important part is the 4th quarter.

"Saying goodbye isn't the hard part, its what we leave behind that's tough." These past four years have been my best yet, but they've gone by the fastest. Mom, Dad, Michael, Jonathan, Anthony & DRangz thanks for helping me through everything, I couldn't have done it without yous. To all my friends, it's truly been nothing but laughs. Its gonna be hard to make new relationships as good as ours in college, but the bonds we've made can't be broken by a little distance. I know we'll never forget all the memories, there really are way to many to list. SHS Field Hockey #22 -3peat N.E.C. Champs- unforgettable & SHS Basketball #22. "We all take different paths in life, but no matter where we go we take a little of each other everywhere."

Ashley Trun

Goodbye everyone! We've finally made it through out four years of high school and how most of us are off to college. I hope everyone had a lot of fun, even with all of the craziness that has been happening. Good Luck at college and make sure you save some time for fun!

Roof leaking, hot summer days, varied temperatures in each room, ac/heaters that make strange noises but don't work, paper shortages and traffic jams in the Cwing...yep that's Saugus High. But along with those, there were great times- Moran's NO-NO dance, Minkoff singing 'The Great Escape', Sullivan changing his hair and a very successful Junior and Senior Prom. I could say to everyone 'Good Luck in the future and hopefully we will meet again' but I'm not going to say that. Luck didn't bring you this far and Luck didn't bring you to this point. YOU DID. Like Robert Frost once wrote: " Two roads diverged in a yellow wood, and I took the one less traveled by. That has made all the difference." You have the power to change depending on your decisions. And remember "Don't hate what you ain't OH-EIGHT!"

Victor Velasquez

Saugus High was a great 4 years. I am going to remember being friends with Jeff, Anthony, Belinda, Chris, Jonathan, Igor, Alex, Nick, Jimmy, Tommy, and Francesca. C25 was my favorite class to be in. we had a lot of fun. I liked the class rewards! Taco and pizza parties. I'll always remember the field trips to Canobie Lake and in the community. I'll miss talking to Mr. Weekly in the library and getting my newspaper. I will miss my teachers Ms.D and Mr. J. I won't miss getting up early and doing homework. I thank my parents for all their help.

Leah Ventresca

With the way things have gone these past few years I have learned more about myself and who I am as a person than I ever thought I would. I have learned what's right from what's wrong and also the meaning of life itself. I've come to see that people try to have a huge impact on the way you think but you just have to be you and be true to yourself. Someone once said "Destiny is not a matter of choice, it is a matter of chance; it is not a thing to be waited for, it is a thing to be achieved." That's my goal in life, to accomplish every possible goal I set for myself and if obstacles get in my way, that's the way fate intended them to be because at the end of those obstacles comes a great new beginning.

Christina Vernaci

"I know there's a blue horizon somewhere up ahead just waiting for me, getting there means leaving things behind, sometimes life's so bitter sweet. It's sad but sometimes moving on with the rest of life starts with goodbye." To my parents, without your help & guidance I wouldn't of made it this far without you. All my friends have turned into family LS, best friends always since 6th grade. KA when food would solve all our fights & problems. AS not always together but always sisters NH 06. JC unforgettable times on&off the soccer field. NS my best friend everyday with you has been unforgettable. There isn't enough room in this paragraph for everything that has been memorable over the past 4 yrs. at SHS, but there is in my heart. Above all, congratulations to the class of 08, hope all your dreams come true.

Finally! Getting through these 4 years was agonizing and I couldn't wait until school was over. Now looking back it went by so fast. I've experienced some awkward moments that I would like to erase from my mind forever. However, there were some good memories too like having your Spanish teacher walk around the school in a hotdog suit. I'll miss my all friends I have known for so long and the underclassmen that I have meet in the past two years. I'd like to thank all the teachers that have taught me for the last four years and gave me support. Best wishes to all my friends. Good luck Class of 2008.

Francesca Vozzella

Wow! I can't believe that these four years have just flew by so fast. I'll never forget the good times I had in the hallways and in the classroom. I would like to thank my teachers and my friends for all the support they gave me in these past years that I was in High School.

Amanda Webster

There were quite a few times where I've said to myself, "I can't wait to graduate." But for every one of those times, there were so many others to make up for it. The memories and lessons I've gained are priceless and wouldn't have been possible without the people I've been lucky enough to have by my side. As much as I hate to think that this step in my life has to come to an end, I'll look forward to whatever the future holds for me. And, obv. I want to see which of us are unsuccessful by the five year reunion... just kidding. But seriously =)

Congratulations and good luck to the fellow '08 SHS Graduates. My time spent with you all has been amazing, and thanks for that.

Ashley White

I can't believe this is it. We are leaving the place that have held us together or in some cases broken us apart over the past four years. There are many things that have changed me through out high school, some for the better and some for the worse... but it is the things that have changed and shaped us into the people we are that is going to be with us for the rest of our lives. I wish everyone good luck because the world is embracing us and now all we have to do is begin the rest of our lives... I will miss some of you, thank god I am not going to see others for five or ten years, and never see others again. I am not going to mention anyone in this because who knows what the future holds, but to my friends... my TRUE friends I love you and thank you for everything you have done for me. Congratulations to everyone. We did it!

Alyssa Williamson

I think Charles Dickens was right, "it was the best of times, it was the worst of times." I think we all had some hard times, ID's, lockdown, homework all nighters – and then there was the amazing times: sport games, pasta dinners, color day & parties are just a few to remember. And now, we're done! I can't say that I'm sad to leave, but I'll defiantly miss some things. Thanks to all my friends for everything through the years – I'll miss you guys so much! To everyone else, congrats and good luck to all you do. Have fun and most importantly, stay true to yourself! SHS Class of 2008 .. we did it!

Brian Woodbury

It's amazing how fast the last four years have gone by! There are many memorable things from Saugus High, such as Color day and proms that we'll all never forget. There are two people I will never forget and they are Nick Haley and Nicole Gagne. I have been closest to them over the four years, whether it was Valerio's class with Nick or dunks with Nicole, I'll never forget either of them! All of us have grown up over the four years, some for the better, some for the worse. Unfortunately we need to say goodbye and move onto bigger and better things! Good luck to everyone and hope to see everyone again in 5 years!

Brenda Youssef

Wow! Four years went by flying! Sometimes I think of this high school experience as an invisible revolution because it started so deep inside of us. We changed what we knew and thought; what we asked God for, and our expectations. It all feels so mysterious, but then one day- ZAP! We look around and realize that our lives changed, and we're seniors...and it's a whole lot better! First, I would like to thank GOD, all honor and glory be given to Him. Also, my precious family who has supported me through all; my best friend and boyfriend David Sousa whom I'm soon to marry. "Those who hope in the LORD will renew their strength. They will soar on wings like eagles; they will run and not grow weary, they will walk and not be faint." Is 40:31. "Grandes coisas fez o Senhor por nós; por isso estamos alegres" Salmo 126:3. Goodbye '08!

Mia Zaniboni

It's finally over! We're graduating baby =) I want to thank my family for all the support I love you guys, couldn't of done it without you's. My girlies, high school would have never been the same without you. Deen you my #1 girl I love you always here. These four years I've made so many memories, freshman year, hockey games, summer '04, SHS track with my girls/slackers LOL and so many more that I will never forget. For everyone else you've also made my high school experience that much better I love you guys and good luck in the future. We made it baby! Congratulations class of 2008!

Through your dancing and your scholastic achievement you have demonstrated that you can accomplish anything that you set out to do. Just remember life goes by very quickly. So enjoy it! From your first breath, you have been a daughter that parents only dream of. Your childhood was special and you never failed to amaze, whether it was scholastic, athletics, or your everyday social actions. The adventure has given our family many proud memories.
As time went on, you encountered obstacles and chose the right path each and everytime, never wavering from your principles or beliefs; a sign of character, strength, and strong will.
Now you begin a new challenge, a new journey, and a new adventure. Where ever it may lead, never change who you are. You have touched the loves of many and I know you will have a positive impact on many more.
Congratulations.
